That is my gg-grandfather, William Abbott Judd, and I know of no other photo of him in our family possession. I am delighted. God Bless you for making this available".

Bill Bucklen, Greensboro, NC – "I have received your terrific disc of Marble Rock photos. It's fascinating and it's well produced."

Harley Lines, Marble Rock – "The pictures are remarkable. We've spent hours looking at them. My wife is one of your best promoters. She tells everyone she sees about your disc and just picked up another copy for a friend. We have more family and Marble Rock pictures that you can add to your DVD."

Roy Maxson M.D., Whitetown, IN – "I really have enjoyed looking at the Marble Rock pictures on your disc and have gone through it several times".

Mike Inman, Liberty, MO – "Marble Rock and The People is captivating and helped me learn about Marble Rock and my great-grandfather Loren Inman. The materials I was able to find at your museum about the Bethel Baptist Church where he preached and the Marble Rock School where he taught were also amazing."
